

Children at home, or in school, will be given the same timetable during our period of closure. This is to ensure equality of provision for all children in that year group. We aim to provide live, quality online teaching and not rely on printed packs or activity sheets. All children, whether at home or in school, will join in with the live lessons broadcast twice daily.

9.30am until
11am

LIVE BROADCAST

This session will be taught by one of your child's year-group teachers. There will be a variety of tasks covered in this live lesson!

During the live lesson, teachers will cover at least 2 subjects.; one of these may involve a story or a fun demonstration. Children in the same year group will have time to work and interact with each other. There will also be breaks provided to ensure that they will not get too tired. If your child's class teacher or support assistant is not delivering the lesson, they will be helping children in school. Children in school will also be joining in with this lesson! Everyone will be enjoying the same learning!

Task

After the live lesson has ended, all children will be set a task from an online source such as the Oak National Academy. This will be a task they should be able to complete on their own. Their work will then be sent to their teacher for it to be looked at. It will then be lunch time for everyone. Lunch will be for one hour.

11am—12pm

LUNCH 12pm—1pm : If you are struggling for food, please let school know. We will arrange help for this

1pm until
2.30pm

LIVE BROADCAST

If your child's teacher is not leading this lesson, they will be doing the live teaching the following week. A rota has been drawn up for this.

Task

After the live lesson has ended, all children will be set a short activity, puzzle, question, creative task or problem, This will be a fun way and relaxed way to end the day. School will then end for everyone at 3pm. Children in school will be going home; children at home will be able to log off and get ready for the next day ahead!

2.30pm—3pm
